RE: NC Medical Board

Dear Dr. Buttar:

Attached is a Motion to Stay Proceedings and Response to Notice of Charges and Allegations which we propose to file with the North Carolina Medical Board. This Response is due no later than April 24, 2009.

I have also attached a copy of the current version of the Notice of Charges. Many of the charges are exactly the same that were filed in November of 2007. Of particular note is that Patient D has been removed. Also, some particular allegations have been deleted; apparently the Board no longer alleges that you did not see the patients on a regular basis. The thrust of this Notice of Charges is failure to perform to the standard of care and exploitation of patients.

I based the attached Motion to Stay Proceedings and Response on the Response that was filed with the original charges. Please go over these carefully and note any comments or questions you have. I will not file this document with the Medical Board until I hear back from you.

By copy of this letter, I am asking Jim Maxwell to review the Notice of Charges and Response as well, and to provide me with his comments.
